

# DentaLab for QuickBooks Update Instructions

These instructions are written to match exactly with the update process when the update is downloaded from our web site using Internet Explorer. If you use another browser and need assistance please contact Mainstreet Support @ 215-723-7041

**Please run the update your server computer first.**

1. Point your web browser to <http://www.mainstreet-systems.com/>
2. Click **Support** from the menu at the top of our page
3. Click the **Quarterly Releases** link
4. Click the **DentaLab for QuickBooks Update** link, this link will also specify when the update was released, for example "DentaLab for QuickBooks Update April 2010"
5. Contact Mainstreet for the correct login information.
6. Choose to **Save** the update to a location you can easily access like your desktop,
7. When the download is complete, **right click on the file**
8. Choose **Properties**
9. At the bottom of the properties window, look for a button that says **unblock** then click it(the unblock button may not exist, just click OK if it's not there)
10. Click **OK**
11. Run the **update by double clicking**. Follow the instructions on screen, if you have any questions please contact DentaLab Support.
12. After running the update, **before you click Finish** see that every step is followed by the word Done. If any steps don't say Done or an error message is shown forward this text to Mainstreet and we can tell you what is preventing the update.
